REPORTS / ACTION ITEMS / INFORMATION ITEMS

Financial Report. Ms. Profic presented the February financial reports. The balance sheet shows ILDC ended the month with total assets of \$17.1M. All the line items have been pretty consistent since the end of 2023. Liabilities of \$9.5M are amounts owed to ECIDA (\$5.4M) and deferred grant revenue. Net assets total \$7.6M. The February income statement shows \$1,600 of revenue, \$2,000 of expenses and \$400 of net special project expenses. Factoring in non-operating income, there was a \$600 loss in February. The year-to-date income statement shows operating revenues of \$3,000 and expenses of \$4,000. Special project expenses of \$3,200 and \$300 of non-operating income led to a net loss of \$4,400 so far in 2024. Mr. Lipsitz directed that the report be received and filed.

Finance & Audit Committee Update. Ms. Profic provided a summary of the joint Finance & Audit Committee meeting held on March 21st. Our auditors from Lumsden McCormick presented draft 2023 audited financial statements. The three main points of the presentation were an unmodified (clean)

opinion on the financial statements, there were no uncorrected audit adjustments, and there were no material weaknesses or significant deficiencies noted (no management letter comments). The Committee also reviewed and recommend the items listed under #2-8 for approval or re-adoption: 2023 Public Authorities Report, 2023 Investment Reports, Investment & Deposit Policy, Committee Charter, Committee Self-Evaluation, Management's Assessment of the Effectiveness of Internal Controls, and Corporate Credit Card Policy with no suggested changes.

Ms. Profic reviewed the Committee's Self-Evaluation. She stated that each year the Committee completes a self-evaluation, as required by the Committee Charter. Essentially, did the Committee fulfill its duties per the Committee Charter? Comments in the rightmost column give some detail of the Committee activity throughout the year, and additional notes were provided. In 2023, the Committee officially convened a total of 5 times and fulfilled its duties as documented. Mr. Lipsitz directed that the report be received and filed.

Audited Financial Statements. Ms. Profic reviewed the draft 2023 audited financial statements, required communications, and management letter. Lumsden McCormick's required communications with those charged with governance, which documents the auditors' responsibility related to the financial statement audit, notes that there were no matters of concern that arose related to the significant risks identified, a summary of accounting estimates made within the financials, that there were no uncorrected audit adjustments, and no disagreements with management. The most significant estimates for ILDC are the depreciation of capital assets and the allowance for uncollectible loans. She mentioned an unmodified opinion was issued on the statements. The management letter notes no significant deficiencies or material weaknesses. The Representation Letter will be signed once the audit is approved by the board. Ms. Profic reviewed the draft financial statements. As a component unit of Erie County, the ILDC's financial statements are prepared based on Governmental Accounting Standards and include a Management's Discussion and Analysis section, which provides a condensed overview of the statements. The balance sheets show there were total assets of \$17.1M as of December 31, 2023, compared to \$18.9M at the end of 2022. Current assets decreased \$1.9M, due to decreases in cash and grants receivable. Noncurrent assets increased slightly from \$7.3M to \$7.4M due to an increase in capital assets. Liabilities decreased \$2.0M, due to a \$6.4M decrease in unearned revenue associated with grants awarded but not yet spent/earned, combined with a \$4.3M increase in amounts due to ECIDA. ILDC has been borrowing funds from ECIDA's UDAG fund to cash flow projects that are being funded with reimbursable grants. There was an increase in net position of \$236,000, mostly due to an increase in net investment in capital assets. The statements of revenues, expenses, and changes in net position (income statements) detail the change in net position for the year. Operating revenues of \$35,000 include interest on loans and administrative fees related to bond modifications. Operating expenses of \$288,000 consists mainly of the \$189,000 provision for uncollectible loans under the Microloan program administered by ILDC on behalf of Erie County. Most of these microloans have a forgiveness component if a certain amount of principal is paid as agreed. What this provision for uncollectible loans does is recognize the best-case scenario, where borrowers are repaying 50% or 60% of their loan and the rest being forgiven. Special project grants include income and expenses related to grants, including \$3.6M from Empire State Development and \$2.6 from the Economic Development Administration ("EDA") related to sewer work at Renaissance Commerce Park ("RCP"), as well as \$129,000 sub granted from Erie County for new loans in the Microloan fund. Grant expenses of \$6.3M are mainly related to RCP. Overall there was an increase in net position of \$236,000 in 2023, compared to a decrease of \$513,000 in 2022. The cash flows statements detail the changes in cash each year. The remainder of the financials are the notes, supplementary information, and the Schedule of Expenditures of Federal Awards. The expenditures related to the RCP sewer project funded by EDA triggered a Single Audit for 2023. Ms. Profic is pleased to report there were no findings or questioned costs noted as a result of the Single Audit. These drafts were reviewed and discussed in detail with the Finance & Audit Committee on March 21, and they recommended approval to

the Board. We will continue to work with Lumsden McCormick to file IRS Form 990 and the Data Collection Form related to the single audit.

Mr. Castle moved and Ms. Abott seconded to approve of the audited financial statements. Mr. Lipsitz called for the vote and the audited financial statements were unanimously approved.

2023 Investment Report. Ms. Profic reviewed this report which is required by Public Authorities Law and includes ILDC's investment guidelines, the results of the annual audit of these guidelines, and detail of investment income and fees for the year. \$6,400 of investment income was earned on the accounts during 2023, and no fees were paid. This report was reviewed by the Finance & Audit Committee at their March 21 meeting and recommended to the Board for approval.

Mr. Johnson moved and Ms. Abbott seconded to approve of the 2023 Investment Report. Mr. Lipsitz then called for the vote and the 2023 Investment Report was unanimously approved.

Governance Committee Update: Ms. O'Keefe provided the Board members with an update. Mr. Lipsitz directed that the report be received and filed.

ILDC Loan Status Report. Mr. Manhard provided this report to Board members. Mr. Lipsitz directed that the report be received and filed.

REVIEW AND ADOPTION OF POLICIES, REPORTS AND COMMITTEE CHARTERS.

Ms. O'Keefe reviewed the 2023 Mission Statement, Performance Measures and Results and the 2024 Mission Statement and Performance Measures. Ms. Profic reviewed the 2023 Public Authorities Report. MEMORANDUM

Board of Directors

From: ILDC Staff

Re: Erie County Agribusiness Park – Approval of Final Generic Environmental Impact Statement (FGEIS/Master Plan)

Property Summary

In 2020, the Buffalo and Erie County Industrial Land Development Corporation (the “ILDC”) purchased 240 acres from private owners at the former Eden Angola Airport in the Town of Evans for purposes of establishing the Erie County Agribusiness Park (“Ag Park”). The ILDC, County of Erie (“Erie County”) and its partners are focused on attracting businesses to the park to establish facilities dedicated to agribusiness processing, storage and distribution creating new capital investment for the local economy and job creation for the local community.

Master Plan Process Summary

Since 2021, the ILDC and Erie County have worked with design and engineering consultant Wendel on the development of a master plan for the Ag Park. The master plan shall include a comprehensive plan for utilities, a road network and development parcels, as well as a Generic Environmental Impact Statement (“GEIS”) prepared pursuant to the New York State Environmental Quality Review Act (“SEQR”) which assesses the potential significant adverse environmental impacts associated with the master plan.

In December 2023, the ILDC Board of Directors approved a Draft Generic Environmental Impact Statement (“DGEIS”) for the Ag Park. The board approval was immediately followed by a public comment period which allowed the public and involved and interested agencies to submit written comments to the ILDC relating to the DGEIS. The ILDC also held a public hearing at the Town of Evans Town Hall in February during which the public was able to verbally provide comments regarding the DGEIS.

Upon completion of the public comment period, the ILDC evaluated the comments and incorporated them into the DGEIS where appropriate. Once the evaluation and incorporation of the public comments were complete, a Final Generic Environmental Impact Statement (“FGEIS”) was prepared and is now in front of the ILDC board for acceptance as complete.

Finally, at the June board meeting, ILDC staff will present and seek approval to adopt the required SEQR Findings Statement that sets forth the findings of the nature and scope of any potential

significant adverse environmental impacts presented by the master plan and the associated mitigation measures and parameters that will need to be met and complied with for any future specific project implemented at the property pursuant to the master plan. Upon approval of the Findings Statement, the SEQRA review of the master plan will be concluded.

Requested Action:

Seeking approval from ILDC board of directors for the acceptance of Erie County Agribusiness Park Final Generic Environmental Impact Statement as complete.

MEMORANDUM

Date: May 29, 2024

To: Buffalo and Erie County Industrial Land Development Corporation (“ILDC”)

From: ILDC Staff

Re: Design and Engineering Services for the Ag Park Road Infrastructure Project at the Erie County Agribusiness Park

Summary:

The Buffalo and Erie County Land Development Corporation (“ILDC”) issued a Request for Proposals (“RFP”) on February 9, 2024, seeking a qualified Architectural and Engineering (“A/E”) firm to provide design and engineering services for the Ag Park Road Infrastructure Project at the Erie County Agribusiness Park, the former Angola airport, in the Town of Evans.

The ILDC partnering with Erie County seeks to construct approximately 325 feet of new roadway extending north from Eden Evans Center Road to connect with a former north-south aircraft runway that will be converted to a new road with utility infrastructure capable of supporting the future buildout of development parcels for Agribusiness Park tenants. The former runway is approximately 3,200 feet long, though this project will only involve conversion of approximately 1,200 feet. The road will serve as the site’s main access route, providing truck and vehicle access to the site including any future service roads and development parcels.

The project will also require the demolition of four one-story metal buildings, totaling approximately 14,700 sf, which were used by the former airport for various purposes including warehousing and offices.

RFP Process:

In response to the RFP, ILDC received five (5) quality proposals from highly qualified A/E firms. The proposals were thoroughly evaluated February 28, 2024, by the seven-member Selection Committee, made up of staff from the ILDC, Erie County and the Town of Evans. Following a review of the proposals as well as interviews with two firms, the ILDC/Selection Committee selected LiRo Engineers, Inc. d/b/a LiRo-Hill (“LiRo”) as the top respondent to the RFP. As a result of the selection process, the ILDC recommends awarding LiRo the Ag Park Infrastructure Road Project and having the firm provide Engineering Documents (Engineer’s Report, Design Plans, and Specifications) along with construction administration and resident engineer services during construction work on the project.

Funding:

On March 16, 2022, the ILDC received notification from Empire State Development (“ESD”) of an award in the amount of **\$250,000** for the Ag Park Road Infrastructure Project to support building demolition, and construction of the new industrial entrance road and utilities. These funds will be used for the design and engineering phase of the project.

Requested Action:

Seeking approval from the ILDC Board of Directors to contract with LiRo Engineers, Inc. d/b/a LiRo-Hill to provide design and engineering services for the Ag Park Road Infrastructure Project at the Erie County Agribusiness Park in the Town of Evans and to take all actions necessary to implement the project as described.
