

MASTER PLAN

ERIE COUNTY
AGRIBUSINESS
PARK

240-acres dedicated to agribusiness storage, processing and distribution

The Industrial Land Development Corporation, in partnership with Erie County and the Town of Evans, is redeveloping the former Eden-Angola Airport site into a **240-acre commerce park**, the largest agribusiness park in Erie County.

The Erie County Agribusiness Park is in the final stages of infrastructure design, and upon completion will offer a range of parcel options. The site's location, in the heart of Western New York's agricultural community, is ideally positioned within a one hour's drive of **6,247 farms** and 10 minutes from the **Western New York Food Hub** allowing access to the freshest sources of raw agricultural products.

Additionally, Buffalo Niagara is home to a strong and growing **1,000+ company agribusiness cluster**. The region's reliable infrastructure, low-cost hydropower, **0% State Corporate Income Tax** for food processing companies, and ideal geography are the perfect ingredients for a successful expansion or relocation.
